Please RSVP to secure your spot. Space is limited to the first 20 registrants!

COMMUNITY LISTENING SESSION

JULY 10TH, 2017 | 6:00 – 7:30 PM

LOCATION:

**St. Louis Association of Community Organizations (SLACO)
5888 Plymouth Ave. | St. Louis, MO 63112**

COMMUNITY PARTICIPANTS:

If you're a resident of St. Louis City or County age 18+, we invite you to join a listening session to share your perspectives about health in St. Louis. How do you define a healthy community? What are the biggest health concerns facing our community and our youth? What are some potential solutions to health concerns?

WHAT WILL HAPPEN DURING THE SESSION?

We will ask you to actively participate in a discussion about health and quality of life in the community. Everyone who participates will be offered a light dinner and a \$25 grocery gift card.

WHAT IS THE PURPOSE OF THE DISCUSSION?

Behavioral Health Network of Greater St. Louis and the City and County Health Departments are conducting listening sessions with various members of the community. We hope to better understand what contributes to healthy communities and to identify opportunities for improving health and well-being in the St. Louis region. Our learning will lead to the development of plans to improve the health of St. Louis.

*****Participation is limited to only one adult per household*****

RSVP

Please sign-up for the session using the link below.
Participation is limited to the first 20 registrants.
